Reports/Old Business

Roseville Police Officer Neighborhood Report: Sergeant M. Hagerman fielded questions and concerns from the board. Paul inquired about abandoned cars parked on Lund Dr. for extended periods of time. Neighbors have concerns that these cars belong to transients who camp in the woods across Old Auburn Rd. Sergeant Hagerman explained the process required to remove abandoned vehicles: 1) the tires must be marked by city personnel, and 2) the vehicle must remain in place for 72 hours prior to being towed – if the vehicle is moved within 72 hours, the process starts over. Sergeant Hagerman added that Police Social Services personnel deal with “quality of life” issues such as transients and work to relocate transients within the confines of the Roseville municipal code. Transients are allowed to camp in undeveloped open spaces from 10 pm to 6 am. The Sergeant recommended calling the police non-emergent number when a “suspicious vehicle” is first noticed and a patrol officer will drive by if able. We could inquire about “by permit only” parking.

Speeding on Sheridan: The neighbor who previously reported speeding on Sheridan during school drop-off and pickup times was not at the meeting to provide an update.

SCNA Website: The individual who will update the website has been busy and has not been able to tackle the job. The board agreed that the current website, whether updated or not, needs to remain in place to archive minutes, reports, newsletters, etc. Ideally, neighborhood association websites would mirror the RCONA website. Using Facebook to communicate with neighbors was discussed. Currently, the SCNA Facebook page is private but needs to be public in order to link to the SCNA website. Colleen asked for volunteers to review what other neighborhood websites look like and to bring findings/recommendations back to the next meeting. Charlie volunteered.
